1<sup>st</sup> August, 2025

Dear Orchid Friends and Customers,

It's now mid-July and we are in the middle of winter. Sometimes we can have a fairly warm June in this area, with lots of days of hot berg winds blowing. This year sadly has been totally different with almost no berg winds and an early onset of winter the first week of June. This have given us temperatures down to 6 degrees for 5-6 days of the week – not conducive to growing orchids I am afraid to say!

I was advised in May that Ecuagenera would be sending plants to South Africa towards the end of June instead of their usual September delivery. This was to be their only shipment to South Africa so I went ahead and placed my order in the hope that my new heater beds would be up and running. Well, everything was constructed and ready by the end of June and the new plants placed in their nice warm beds.... Regret, the beds have tripped the electric board on numerous occasions and only today the wires have been removed in order to be checked – looks like this is not as easy as I hoped! All going well, I hope to test them again at the end of the week.

My bark supplier from Mpumalanga regrettably let me down through no fault of their own, their customer battled to finance a full load, so I am again obtaining small quantities by courier. If anyone is coming from White River to the Garden Route and can bring some with, I am happy to pay towards your fuel. Do remember that I am able to send mix by courier, I will just have to calculate the weight and volume to give you exact courier costs.

I have been down to Cape Town to visit the Cape Orchid Society as a speaker and did my Quiz for them for the first time. The meeting seemed to go well and a fun evening was had by all. All 4 of the societies of the Western Cape are getting together to hold the 2027 National Orchid Show and at present the committee is deciding on a venue for the event.

Cymbidiums from Ecuador have been added to this list and all are flowering size for 2026. I purchased a consignment of flowering plants early in June and am delighted to say I have already sold the lot. A further load will arrive early August, all hand selected by me and of show quality. I have added more detail and photos to the complex Paphiopedilums in the list and all are looking good and rooted and ready for their new homes. All are blooming size for 2025/6. The 2024 consignment are all potted and are a good size. A further paphiopedilum consignment has arrived from the Far East so a few species are added to the list.

I am still only open to the public on a Wednesday morning from 10am – 1pm, otherwise by appointment. Address is 34 Napier Str, Blanco, George.

O/o	Cym Moondust Perth x Beau Guest 'Winning Post' Expect light orange/apricot semi arching intermediate flowers. F/size plants. Photo: Cym Beau Guest 15cm Pots.		495.00
Ecua 2025	Cym. Peggy Foo Prolifae Again a cross made with Andy Easton registered parents this time Cym Show Off x Ruby Eyes. Expecting a good size intermediate with very dark lips. Flowering size for 2026.		1,200.00
O/o	Cym Sapa Beauty x Beau Guest 'Glen' Expect green pendulous miniature/intermediates with some red spotting on lip. F/size plants. Photo: Cym Mem Amelia Earhart. C Sapa Beauty is (C Mem Amelia x Len Southward). C Beau Guest is the photo above.		495.00

Ecua 2025	Cym. Splendor Ec Stunning large white from Ecuagenera. Flowering size plants have arrived in early July. Should bloom in 2026.		R1,350
Ecua 2025	Cym. Tracey Reddaway 'Marie' Bred by Andy Easton when Geyserland Orchids was operating in New Zealand. It still appears on showbench today, 30 years after its release. Used extensively in breeding, Tracey Reddaway is found in many backyard collections. Bright yellow blooms for springtime shows. Flowering size for 2026.		R1,350

## OTHER GENERA FROM VARIOUS NURSERIES

Code	Description		Price
O/o	Aliceara Peggy Ruth Carpenter 'Morning Joy' Just one blooming size plant in a 15cm pot. Flowers in spring. Easy to grow.		450.00
O/o	Dendrobium Berry This cross is D kingianum x D 'Mini Pearl'. (Mini Pearl was created by crossing D canaliculatum with bigibbum). Just as easy to grow as D kingianum but has lots of blooms, generally for show time in the spring. 9cm Disa pots available.		95.00

O/o	Dendrobium Brisbane River Very vigorous, well grown plants of this easy to grow hybrid. Blooming size in 12.5cm Airpots. Flower colour can vary slightly as it is a hybrid.		495.00
O/o	Dendrobium x delicatum This is a natural hybrid between kingianum and speciosum. It is extremely vigorous, beautifully fragrant, blooms for the spring shows and makes excellent specimen plants! 9cm pots.		95.00 – 150.00
O/o	Dendrobium x delicatum One large plant, in bud for 2025. 25cm pot.		495.00
O/o	Den hercoglossum x parishii 9cm Disa pots of near blooming size plants. Photo of D hercoglossum. Easy to grow and bloom.		95.00
O/o	Dendrobium Hibiki This is a primary hybrid between Den bracteosum and Den laevifolium. Fabulous cerise pink flowers are produced any time during the summer. Mine plant hasn't stopped blooming for 6 months now! 10cm pots. Blooming size.		495.00
O/o	Den. Jiaho Candy This plant produces a multitudes of creamy white flowers with the accent of stunning orange lips on its black-haired canes. Long lasting flowers mostly produced in spring. Grow in intermediate conditions with medium to strong light. 10cm pots.		395.00

TSG/	<p>Den. Rainbow Dancer (Den Kurenai x Den unicum)</p> <p>Flower size of this delightful pink hybrid is 3-4cm. This plant blooms for a long time with proper care. Grows and blooms easily. 10cm pots.</p>		350.00
TSG/	<p>Den. TLDC Fuchia Tuesday</p> <p>This is an intermediate growing orchid that prefers bright light with no direct sun. Allow to dry out before watering again. This hybrid produces dark pink-coloured flowers with an amazing texture. It has a cute pink lip with a white-coloured anther cape. 10cm pots.</p>		350.00
O/o	<p>Dendrobium Yaya Victoria x Classic Gem</p> <p>Blooming size plants of this very floriferous orchid. All in 9cm Disa pots. Some variation in colour in that some are darker – but all are very pretty.</p>		350.00
E/o	<p>Epi. Miracle Valley 'Fujiyama'</p> <p>Near blooming size plants of this orange epi. The one I have bloomed is much closer to a dark yellow than orange. Was really pleased with it! 12cm pots.</p>		250.00
O/o	<p>Epi. Star Valley 'Kagaribi'</p> <p>Nearly red clusters of this reed stem epi. 12.5cm pots.</p>		250.00

O/o	Epi. Wedding Valley 'Sakura Komachi' Delicate pink heads of flowers which are long lasting. 12.5cm pots.		250.00
O/o	Oncidium Aka Baby 'Raspberry Chocolate' Another oncidium with a light fragrance with chocolate overtones that can fill a house! Blooms with the maturation of each new growth. Showy red and white flowers in large sprays. Near blooming size.		350.00
E/o	Onc. Sharry Baby 'Red Fantasy' Coming from the next generation of fragrant Oncidiums bred from the original 'Chocolate Orchid' – Sharry Baby 'Sweet Fragrance'. This is a new clone which is a slightly darker red. Blooming size in 12.5cm pots.		350.00
O/o	Oncidium Tsiku Marguerite (Twinkle x Onc sotoanum) This new generation of Twinkle is a must in every collection. It is very forgiving of overwatering, it grows quickly, its compact but not tiny and its baby-powder scent matches its innocently pale but profuse blooms. 8cm pots. Blooming size.		295.00
O/o	Odontocidium Everglades Elegance 'Nancy Lee' HCC/AOS This plants have large pseudo bulbs with lime green foliage producing spikes of upright flowers. It is a member of the Oncidium intergeneric and mostly flowers from late January to April. Flower spikes range between 700 – 950 in height. Blooming size plants.		495.00

O/o	<p>Oncostele Catatante Kilauea Karma</p> <p>This orchid hybrid is known for its bright orange and yellow flowers, produced on tall, upright flower spikes. It's a hybrid of <i>Oncidium sphacelatum</i> and <i>Oncostele Wildcat</i>. This orchid thrives in warm, humid environments with bright, indirect sunlight.</p>		495.00
O/o	<p>Pyschopsis Mariposa 'Twins'</p> <p>Known as the 'butterfly orchid' due to its unique and elegant flower shape, it comes from Central and Southern America. It grows and flowers in moderate light and repeat blooms on the same stem, mostly in summer. 8cm pots. Flowering size, in bloom now.</p>		595.00
O/o	<p>Sarcochilus fitgeraldii Red x Kirra-Lee</p> <p>A couple of nice mature plants of this lovely cross, very vigorous and free flowering for showtime in September. Blooming size plants in 12cm pots.</p>		450.00
O/o	<p>Sarcochilus (hartmanii x Dove) x Heidi PJ (Photo C hartmanii)</p> <p>In bloom now, multiple inflorescences. 12cm pots.</p>		450.00
O/o	<p>Sarcochilus Bunyip x Kulnara Firemist</p> <p>In bloom now – October – multiple inflorescences. 12cm pots.</p>		450.00
O/o	<p>Zygoneria Dragon Kitten 'Purr'</p> <p>Fragrant blooms with brightly coloured flowers that should last at least a month. Near blooming size in 12cm pots.</p>		350.00

## PHRAGMIPEDIUMS FROM ECUAGENERA

O/o	<p>Phrag Grande (Phrag longifolium x Phrag humboltii 'Fortuna')</p> <p>This fantastic primary hybrid blooms with intermediate to long petal length with colours that range from yellow-green to orange and red. 10cm pots. Vigorous.</p>		850.00
E/o	<p>Phrag humboltii 'Fortuna'</p> <p>In its natural habitat, this species is often found near streams and rivers in humid, montane forests. Your Phrag will flourish in bright, indirect light. Filtered light is ideal. Daytime temps of 18-25 degrees and cooler nights of around 15-17 degrees are perfect. Regular, moderate watering is crucial. Ensure proper drainage to prevent root rot. Near blooming size plants in 12.5cm pots.</p>		1,195.00
O/o	<p>Phrag longifolium</p> <p>Found from Costa Rica to Ecuador on roadside banks as a medium to large sized, warm to cool growing terrestrial. It has an erect, 60 – 90cm long, several flowered inflorescence with 7 to 9 flowers opening in successions mostly in autumn but could be almost any time during the year. 9cm pots.</p>		750.00

E18	<p><i>Phrag pearcei</i></p> <p>A small sized, cool to warm growing terrestrial from Peru, Costa Rica and Ecuador growing near rivers and on boulders within rivers. It has no pseudobulbs but its growths are close together. There is a terminal, erect, 14cm long successive opening, multiflowered inflorescence that occurs in the summer and has non fragrant flowers. I find it easy to grow here on the Garden Route. 9cm pots.</p>		595.00
E8	<p><i>Phrag. Professor Braem</i> (<i>Phrag longifolium</i> x <i>schlimii</i>)</p> <p>Delicate pink colouring of these well held flowers. Blooming size plants in 12.5cm pots.</p>		1,145.00
E20	<p><i>Phrag richteri</i> (aka <i>P amazonica</i>)</p> <p>Found in Peru as a medium sized, cool to warm growing, natural hybrid terrestrial orchid with the parents of <i>Phragmipedium pearcii</i> and <i>boisserianum</i>. 9cm pots.</p>		950.00
O/o	<p><i>Phrag Sedenii</i> (<i>longifolium</i> x <i>schlimii</i>)</p> <p>A great old hybrid made in 1873. This <i>Phrag</i> is easy to grow and can often bloom twice a year. Blooming size divisions in 12.5cm pot</p>		395.00
E10	<p><i>Phrag. Wossner Rosenglanz</i> (<i>Phrag kovachii</i> x <i>Phrag caricinum</i>)</p> <p>This phrag likes intermediate conditions and is a primary hybrid using the famous <i>P kovachii</i>. Blooming size plants in 12.5cm pots.</p>		1,145.00

**PAPHIOPEDILUM MIX**  
 AVAILABLE @ R80.00 FOR 1.5kg BAG  
 See page 43 for details.

## PAPHIOPEDILUM SPECIES AND HYBRIDS

O/o	<p><i>Paph callosum</i></p> <p>A medium sized, warm growing terrestrial orchid with mottled green leaves. Found in Thailand, Cambodia etc in primary, evergreen lowlands in soils rich in silicates. Limited stock. Near blooming size.</p>		500.00
	<p><i>Paph christensonianum</i></p> <p>Found in Cambodia, Laos and Vietnam. This species has a beautiful flower with a classic Paph shape and texture. Narrow long leaves are shiny green. Spikes carry a single, tall waxy bloom with a glossy dark orange/brown pouch. Limited. Near blooming size.</p>		500.00
O/o	<p><i>Paph fairrieanum</i></p> <p>A miniature sized, cool to cold growing terrestrial found on limestone outcrops in tall grass with narrow, clear dull green leaves. Use a well drained mix and water well in hot summer months. Limited stock. Blooming size.</p>		795.00
O/o	<p><i>Paph gratixianum</i> var <i>daoense</i></p> <p>Found in China, Laos and Vietnam, it grows in primary wet, evergreen highland cloud forests. It is a medium sized, spring blooming species. Limited. Near blooming size.</p>		500.00
O/o	<p><i>Paph In-Charm</i> <i>Topaz</i> x <i>fairrieanum</i></p> <p>Interesting combination of the two flowers in picture. Fairly young plants.</p>		500.00
O/o	<p><i>Paph Lemonade</i></p> <p>Interesting cross made by Hausermann in 1995. It is <i>P spicerianum</i> x <i>P primulinum</i>. Both parents are easy to grow and flower. Blooming size plant available.</p>		695.00

O/o	<p>Paph Pinocchio</p> <p>Blooming size plants of this very popular sequential blooming paph. some in bloom of this vigorous growing paphiopedilum. 14cm pots. Should be available again soon.</p>		695.00
O/o	<p>Paph spicerianum</p> <p>A beautiful and unique species native to the Assam region of India. It boasts striking green and brown flowers 5-7cm across. It likes a moderately humid environment.</p>		565.00
O/o	<p>Paph tonsum</p> <p>A small to medium sized, cool growing Paph with deep green mottled with gray/green leaves with purple undersides. Limited. Near blooming size.</p>		500.00
O/o	<p>Paph venustum</p> <p>This is the 'type' form of the species which has various shades of red and brown. This is a medium sized, cool growing, shade loving terrestrial with narrowly elliptic, mottled blueish and lighter green, purple beneath leaves that blooms in the late winter and spring.</p>		745.00
O/o	<p>Paph venustum album</p> <p>This album form of the species is unable to produce anthocyanin which gives the flowers a red colour. This orchid needs humid, well watered conditions year round. From India, eastern Himalayas and China.</p>		795.00
O/o	<p>Paph wardii</p> <p>A small sized, cool growing terrestrial with dark blue green mottled leaves. Easy to grow species. Limited. Near blooming size.</p>		500.00
O/o	<p>Paph Woluwense (P niveum x P rothschildianum).</p> <p>New stock of this exquisite primary hybrid. This was originally registered by the Royal Horticultural Society in 1910. New hybrids are easier to grow and flower.</p>		895.00

**CYMBIDIUM/CATTLEYA MIX**

## ACCESSORIES, FERTILISERS AND POTTING MIX

	Price.
GARDEN CARE FERTILISER 'NUTRIFEED' – a balanced general plant food suitable for orchids. 500gm re-sealable pack. I use this as a foliar spray for all young plants. I use half strength for most orchids.	R150.00
GROWING ORCHIDS FERTILISER – A high nitrogen fertiliser made for orchids. 500gm re-sealable pack. Use from spring through to January for maximum growth on cymbidiums especially.	R150.00
FLOWERING ORCHIDS FERTILISER – This is a low nitrogen, water soluble formulation for supplementing the nutrient requirements of all flowering orchids in a variety of growing media. 500gm re-sealable packets. 6:20:30.	R150.00
POT LABELS (WHITE) Pot labels 125mm x 13mm per 25 labels	R20.00
POT LABELS (WHITE) Pot labels 150mm x 13mm per 25 labels	R25.00
SEEDLING MIX (approx. 1.5 kg) This is my special bark recipe which I use for all plants in a 12.5cm pot and smaller. It has excellent drainage and is also great for repotting Phalaenopsis. Highly recommended for Paphiopedilums and Phals.	R80.00
CYMBIDIUM/CATTLEYA MIX (approx. 4 kg) Coarser bark mix for use in all orchids growing in pot size 15cm and larger. It is well drained and contains all the necessary ingredients for plant growth. (EX. NURSERY ONLY – extra for courier)	R110.00
PALM PEAT BLOCKS	R35.00
NUTRISOL 500 ml bottles	R110.00
TRELMIX 200ml bottles	R185.00
BONEMEAL (KOMPEL) 2KG bags	R85.00
BLACK/GREEN POTS 9cm Disa round	10.00
GREEN POT 9cm green round	10.00
GREEN POT 10cm round (Sanscape)	10.00

GREEN POT 20cm nursery	25.00
BLACK POT 25cm round (Sanscape)	35.00
GREEN POT 25cm round	40.00
BLACK POT 32cm round	75.00
BLACK POT 40cm round	100.00
KOMBAT Fungi free 50 ml	110.00
KOMBAT Malathion 100 ml	110.00

## CONDITIONS

1. All prices are nett.
2. Mail orders are my speciality, I normally pack on a Monday or Tuesday. Please add 15% to value of the order to cover Courier Guy to the door courier or wait for quote. Please also add a packing charge of R60.00 per order.
3. Note! I use Courier Guy Couriers for Door to Door, minimum cost is R250 or wait for quote. Large cymbidiums or other large plants may attract a higher courier fee than 15%.
4. All plants are all sent in their containers with the potting mix sealed into the pot. Large plants can be sent bareroot if requested in order to save money.
5. The nursery is open Wednesdays from 10am – 1pm. All other times by appointment. We are still open if Wednesday falls on a Public Holiday. Please note that we do have Yoko visa card facilities at the nursery.
6. Payment should preferable be made by direct deposit to Outeniqua Orchids. Our account is with Nedbank, Stellenbosch branch code 107-110 (or universal), Account number 1071-257-633. Email copies of deposit slip to [stellrsa@mweb.co.za](mailto:stellrsa@mweb.co.za) Please do not deposit cash – if you must do, please add R30.00 to cover bank costs.
7. Please note that this list cancels all other lists.
8. DIRECTIONS TO THE NURSERY FROM N2:-  
ADDRESS: 34 Napier Street, Blanco. George, Western Province  
From Cape Town:  
After Great Brak continue towards George. Take turnoff GEORGE AIRPORT/HEROLDS BAY. At bottom of off-ramp, turn left to the airport. You will pass entrance to airport on your left. At stop sign, continue straight over the old N2 – direction OUDTSHOORN. From this stop, continue a further 5km – at the end of this distance, you will have Fancourt Golf Estate main entrance on your right hand side – continue another 450m – turn right into Napier Street – continue nearly to the bottom, no. 34 is on the left hand side. The Yellow House is signposted...  
From Knysna:  
Continue on N2 past George – Take turnoff left GEORGE AIRPORT/HEROLDS BAY – at bottom of off-ramp turn right to the airport. You will pass .....(see above).
9. To place an order please download and print the order form directly from the website. Complete your order manually and email to [stellrsa@mweb.co.za](mailto:stellrsa@mweb.co.za) I will contact you with availability of plants prior to asking you for payment of the order. Pro-forma invoice provided.

AIR POT 3.0 L	DIAMETER ACROSS THE TOP 18 cm	R50.00
AIR POT 5.0 L	DIAMETER ACROSS THE TOP 22 cm	R60.00
AIR POT 9.5 L	DIAMETER ACROSS THE TOP 28 cm	R95.00

Suitable for all Cattleyas and most Dendrobiums. Mostly for genera that like lots of air around their roots. So far I have mini and full sized Cattleyas, Dendrobium nobile, tortile and others, Dendrobium usitae and similar, Dendrobium phalaenopsis types, Eria hyacinthoides is doing well. Its fun to try something different! Comments so far, are what am I going to do when I repot? Well, I will cross that bridge when I have to! At present the roots are so good I am delighted!

## DENDROBIUM SPECIOSUM var. 'Woodcroft'

This photo is just to show you what can be done with a Dendrobium speciosum.

This plant was imported from Australia 35 years ago and photographed in my shaded area at The Ark in September 2014 with Robert looking on. Second photo taken in 2024 before after spring show – not open enough for the show!

It received an Award of Cultural Merit at the Orchid Soc. of the Southern Cape Spring Show.

Babies are growing! Available next spring...

In the meantime Den speciosum var Compacta available f/size R395.00
