1st September 2026 (Update 1st October)

Dear Orchid Friends and Customers,

Its late August and this time I have a lot to say about the weather! Colin and I went on holiday at the very beginning of May for 2 weeks and poor Nelie was left to look after animals and the house. First an unprecedented 260mm of rain in 48 hours flooding many part of George, and if that wasn't enough, the NE wind came up at nearly tornado speeds and did so much damage we were declared a disaster area! Another 100mm after we got back didn't help things. George Golf course lost 220 trees and Fancourt 270 trees and that's apart from the destruction in the town itself. Insurance companies must still be reeling from the claims....

Intermittent rain during the last 3 months has kept my water tanks full and we have had a fairly mild August with some warm days up to and over 20 degrees.

All three heater beds are working like a charm and the April imports have rooted so well they can even be sold with confidence.

Regret, not many changes or additions to the list but have added a section with divisions of my select Cattleyas just to see how they go. I have also increased the variety of the miniature Phalaenopsis, species and hybrids, and they are proving popular with my Wednesday customers.

For those of you who have seen the fabulous specimen of Cym Pure Destiny x Pure Ultimate in the garden at the nursery, I now have a few duplicates for sale, all blooming size. (Regret, now sold out).

The plans for the National Show in September 2027 are ongoing and the dates 24 – 27 have been selected. Five societies will together host and run the show and the venue will be at the Stellenbosch Flying Club. Please pencil dates in your calendar – it will surely be an event not to be missed! Huge emphasis on indigenous orchids.

Our Orchid Society of the Southern Cape orchid show will be held 17 – 19 September in our usual venue, the Presbyterian Church Hall, Caledon Street, George. This Society is one of the only ones to put on a landscape display for the public. The theme this year is "Orchid Treasures".

I am still only open to the public on a Wednesday morning from 10am – 1pm, otherwise by appointment. Address is 34 Napier Str, Blanco, George. I have been very popular this year with repotting on a Wednesday – at least it keeps Scott and I busy if there aren't lots of customers.

All the best for the spring season,

Else

CATTLEYA AND ALL OTHER SPECIES – VARIOUS SUPPLIERS

Code	Description		Price
O/o	<i>Ansellia africana</i> This genus has only 1 species commonly known as the 'leopard' orchid. From areas of summer rainfall it can be grown mounted, in baskets or in pots.		195.00 Mounts R550.00 Hanging pots
O/o	<i>Ansellia Africana</i> Large plants in moss balls.		650.00
O/o	<i>Arpophyllum spicatum</i> Two mounted plants of the easy to grow, but hard to obtain orchid.		550.00
TSG/	<i>Brassavola nodosa</i> 'Panama Soiree' Grow in pots or baskets, but they do very well also on mounts. They can carry 1-3 flowers per spike. Known as Lady of the Night orchid, highly perfumed in the evenings.		395.00
O/o	<i>Cattleya loddigesii</i> ('Spitskop' x 'Highlands' FCC/SAOC) Native to Brazil, Argentina and Paraguay. It is found in humid forests along medium-sized rivers and forests. Blooms in spring/early summer. Flowering size plants in 14cm Airpots.		550.00
O/O	<i>Cattleya maxima</i> var <i>coerulea</i> ('Punda' x 'Amani') This orchid is native to Venezuela, Colombia, Ecuador and Peru and has 3 different colour forms. Expect light blue-coloured flowers with a unique texture. Blooming size plants, some in bud. 14cm pots.		650.00

TSG/	<i>Cattleya trianaei f. albescens</i> This Cattleya is native to Colombia and is cool to warm growing. It is winter blooming and has the longest lasting flowers of any Cattleya, often lasting up to 6 weeks or more. 10cm pots.		350.00
O/o	<i>Dendrobium alexandrae</i> Found in Papua New Guinea as a med/lrg growing epiphyte in cool mist forests at elevations of 1,000 m. Flowers are green/white with brown markings on the lip. 3-7 flowered inflorescence in the autumn.		450.00
TSG/	<i>Den convolutum</i> Found in N Papua and New Guinea as a small sized, warm growing epiphyte in rainforests at elevations of sealevel to 650m. 10cm pots.		350.00
O/o	<i>Dendrobium lawesii</i> A year-round blooming, medium sized cool to warm growing epiphyte from Papua and New Guinea at an elevation of 800-2000m. It has pendant, highly variable floral scented flowers that can occur any time of the year. Pink form. 8cm pots		395.00
O/o	<i>Dendrobium nobile</i> This is the more common variety. A few plants in 9cm pots, blooming size. A few bigger ones.		95.00
A/o	<i>Dendrobium linawianum</i> From Chinese Himalayas this is a cool to hot growing terrestrial or lithophytic species. Blooms mostly in spring with fragrant honey perfume. Blooming size, mounted and in an air pot. Just 1 left.		250.00
O/o	<i>Dendrobium paxtonii</i> Just 1 plant in a 1 litre Airpot. It produces waxy yellow flowers with a strong sweet fragrance. Requires bright, indirect light.		250.00

O/o	<i>Dendrobium speciosum var Compactum</i> Found in N. S. Wales and Victoria in Australia at fairly low altitudes, this medium to large sized, warm growing lithophyte likes good air movement and grows near rocks at the base of cliffs in open forests with good air movement. 14 and 18cm pots.		550.00
O/o	<i>Den thyrsiflorum</i> Found in the Chinese Himalayas and nearby countries at elevations of 1200-200m, these small to large sized cool growing epiphyte is found in mixed coniferous forests. It has lovely dark green leaves that bloom in spring on a pendant 30cm long, densely several to many 30-50 fragrant flowered raceme.		550.00
O/o	<i>Dendrochilum wenzellii (Coelogne)</i> Also from CAL orchids, this is the yellow form of wenzellii. In a 9cm Disa pot. Blooming now.		250.00
TSG/	<i>Encyclia cochleata</i> This is a medium sized warm to cool growing epiphyte which can bloom for up to 6 months starting in the spring. It has a few to many flowered inflorescence that has successive opening, non-fragrant to spicy scented flowers. Blooming size.		450.00
O/o	<i>Encylia cordigera</i> This beautiful orchid ranges from Mexico, through Central American and Northern S America and Brazil. Delightful fragrance and vigorous grower. It enjoys basket or airtop culture and must be free draining. 9cm pots.		395.00

E/o	<i>Encyclia dichroma</i> This orchid is native to Central America and Mexico. It is known as the 2 coloured encyclia due to its unique flower coloration. Flowers are typical yellowish-green with a reddish-purple lip creating a striking contrast. It is a warm growing lithophyte or epiphyte. Blooming size plants in 12cm pots.		695.00
A/o	<i>Epidendrum quitensium</i> Easy growing floriferous reedstem Epi with 18" canes with closely spaced upward pointing leathery leaves, inflorescences as tall as 3' produce a circular head of continuously blooming solid purple flowers. A few small ones available.		150.00
O/o	<i>Epidendrum radicans (red)</i> Small plants in 9cm Disa Pots		95.00
O/o	<i>Epidendrum secundum</i> Got this delightful Epi from Ellie and Hendrik. Blooms very easily. Small plants in 9cm Disa pots.		95.00
A/o	<i>Epidendrum xanthinum</i> Found in Colombia and Brazil as a large sized, cool to cold growing terrestrial reedstem orchid at elevations of 1500 to 2200 meters. 12cm pots.		250.00
O/o	<i>Gomesa flexuosa</i> Found from Eastern and S Brazil to north-central Argentina. Previously known as Oncidium. Small to medium sized, cool to warm growing epiphytic orchid that blooms easily in early summer. Growing in airpots.		450.00

O/o	<i>Jumellea arachnantha</i> One specimen plant only from my collection. 25cm pot.		1,050.00
O/o	<i>Laelia anceps</i> Large plants in bloom June 2026. Stunning quality. Now in air pots. Vigorous!		695.00
O/o	<i>Laelia anceps 'Mahai'</i> L anceps is an epiphytic orchid in the Cattleya alliance group. It is found in Mexico and Guatemala and grows mainly on oak trees in the wild. Mounted.		395.00
O/o	<i>Laelia anceps lineata x sib</i> This variety has petal flares which are most attractive. Mounted plants.		Out of stock
O/o	<i>Laelia (Cattleya) purpurata carnea ('Alkmaar' x 'Mt Formosa')</i> Expect medium to large flowers on compact plants. Colours range from white to light pink with dark pink flare and attractive spotting with large lips. 12cm pots. Near blooming size.		550.00
O/o 2025	<i>Laelia (Cattleya) purpurata carnea ('Mt Formosa' x 'Sentinel')</i> Similar to above with very good parents. 12cm pots. Near blooming size.		550.00

O/o	<i>Laelia (Cattleya) purpurata</i> (‘Boscia Royale’ x ‘Bosnia Beauty’) This orchid is native to Brazil and blooms mid summer. New take on these attractive blooms.		650.00
O/o	<i>Laelia (Cattleya) purpurata</i> var Flammea Colourful and fragrant blooms, hardy and easy to grow. Intermediate light required. 15cm pots.		550.00
O/o	<i>Laelia (Cattleya) purpurata</i> var Russeliana This ia a beautiful variation with very subtle blue-pink lines on the lip. Cultivate outside with good light. Needs a temperature difference between day and night for good blooming. 12cm pots. 1 left		550.00
O/o	<i>Laelia (Cattleya) purpurata</i> 2 litre airpots of this un-named variety. Blooming size. Vigorous. Please note these plants are unflowered and the photo may not be identical to that of the plant.		495.00
Ecua/	<i>Laelia (Cattleya) tenebrosa</i> Found primarily in Brazil as an intermediate growing species which I find does well in the Garden Route. Was so impressed with the first one I bought (see photo of own plant), I ordered 5 more! Blooming size plants in 15cm airpots.		Sold Out! New stock Sept 2027
O/o	<i>Maxillaria tenuifolia</i> Known as the ‘coconut’ orchid for its pleasing smell, this species ranges from Mexico to Nicaragua and possibly Costa Rica. 9 cm blooming size pots available.		150.00

O/o	<i>Phragmipedium longifolium</i> Found in Costa Rica, Panama etc on roadside banks as medium to lrg sized warm to cool growing terrestrial in shaded areas with thin soil. 60cm long stems with deep purple to green several flowered inflorescence with 7 – 9 flowers opening in succession mostly in autumn. Blooming size in 15 cm pots.		795.00
O/o	<i>Phal bellina</i> This Phal is endemic to Borneo and is one of the most commonly cultivated species. Blooms on a small plant. 12cm pots.		Out of stock
O/o	<i>Phal cornu-cervi</i> This small sized, warm growing epiphyte is from Myanmar and India. 12cm pots. Blooming size. Will continue blooming on same inflorescence for some time.		650.00
O/o	<i>Phalaenopsis sanderiana</i> This warm growing, quite rare species is an epiphyte that is endemic to the Philippines. It can have 20+ flowers per inflorescence when mature. Blooming size plants.		550.00
O/o	<i>Stanhopea dodsoniana</i> Found in S W coast of Mexico in wet tropical rain forests as a medium sized warm growing epiphyte. Blooms on a pendant, 4 flowered inflorescence. Blooming size.		550.00
O/o	<i>Stanhopea occulata</i> Native to South and Central America, this species blooms with multiple flowers from each spike. Like most Stanhopea, these are fragrant as well! One in wire basket at R275. Two planted in moss balls.		500.00

A/o	<i>Vanilla planifolia</i> This is a terrestrial or epiphytic orchid vine that is native to Mexico and is one of the most sought after spices in cultivation. It is cultivated for its long slender pods that are essential in the making of vanilla.		395.00
O/o	<i>Zygopetalum intermedium</i> This is a fragrant, tropical orchid prized for its waxy, green and brown-spotted flowers with a white lip marked with purple. 8cm pots.		150.00

NEW ADDRESS IS:
34, NAPIER STREET, BLANCO, GEORGE
NURSERY OPEN TIMES
EVERY WEDNESDAY MORNING
FROM 10AM – 1PM
ALL OTHER TIMES BY APPOINTMENT!
I TRY MY BEST TO FIT IN WITH YOU.

Many orchids growers ask when they should repot their Cattleyas. The photo next to this shows the perfect time to repot – just as the new roots are emerging. Be careful not to damage the new roots!

**CATTLEYA ALLIANCE MERICLONES AND SEEDLINGS
FROM CARTER AND HOLMES ORCHIDS, TEN SHIN GARDENS
AND OTHER SUPPLIERS**

Code	Description		Price
TSG/	Bc. Amethyst <i>(Brassavola cucullata x C purpurata)</i> . Interesting primary hybrid which is easy to grow. 10cm pots.		395.00
O/o	Bc. Gulfshore's Beauty This is a compact primary hybrid created by crossing <i>Brassavola nodosa</i> and <i>Cattleya dormaniana</i> . It has star-shaped lime-green and magenta flowers and has a marshmallow fragrance in the evenings. Blooming size.		495.00
TSG/	Cattleya Aloha Case <i>(C Mini Purple x C walkeriana)</i> Mini Purple was a favourite a number of years ago and I am sure this will be just as popular. 12cm pots.		375.00
TSG/	Cattleya Chief Box <i>(C Precious Jewel x Ctt. Candy Ball)</i> This warm growing cattleya likes bright light but no direct sunlight. True miniature. 10cm pots.		375.00
TSG/	C. Chrystelle Smith "Nathan's Reward" HCC/AOS <i>(C Beaufort x C loddigesii)</i> Orchid hybrid originally made by Krull-Smith in 1985. Miniature in size and very floriferous. 10cm pots.		395.00

O/o	C. Cruella <i>(C tenebrosa x C tigrina)</i> This primary Cattleya hybrid is very vigorous. Flowers will differ slightly as plants are seedlings but all will be easy to grow. Blooming size plants available. In airpots.		450.00
TSG/	C. Itsy Bitsy 'Diamond Orchids' <i>(C alarii x C Beaufort 4n)</i> Super cute dwarf cattleya with yellow flowers. 8cm pots.		395.00
TSG/	C. Jungle Eyes <i>(C Jungle Elf x C aclandiae)</i> . This is a compact, fragrant and fast-growing orchid hybrid prized for its waxy, yellow-orange flowers covered in deep red-burgundy leopard spots. Know for its striking magenta lip, this mini thrives in bright, warm conditions. Can bloom twice a year.		395.00
TSG/	C. Memoria Marina Camilo <i>(C alarii x luteola)</i> Primary miniature hybrid which has white flowers with a bright pinky-purple lip. East to grow and bloom. 10cm pots.		350.00
O/o	Cattleya Pacavia (C purpurata x C tenebrosa) This cross of purpurata x tenebrosa was registered in 1901 by Veitch. This is a remake of the popular hybrid. 9cm pots with vigorous near blooming plants.		550 .00
O/o	Cattleya Pacavia (Boscia Giant x Boscia Royale) This is slightly different breeding to the above but also a blooming size plant in 15cm pots.		650.00

TSG/	C. Sagarik Wax 'Hsiang Yang' (C Summerland Girl x Cattlianthe Chocolate Drop) Chocolate Drop is very visible in this hybrid. Fabulous glossy petals and sepals. Blooms late summer. 14cm pots.		450.00
O/o	Cattlianthe Sopresita This popular orchid hybrid is known for its vigorous growth and typically bright, often orange or yellow, fragrant flowers. Parents are G skinneri and C cinnabarina. It's a 'beginner-friendly' cattleya. Flowering size in 1.3l Airpots.		495.00
TSG/	Cattleya Tangerine Fire 'Mini Sun' This intermediate growing orchid produces bright red/apricot coloured flowers. Prefers bright light but no direct sunlight. Reduce water in the winter. 10cm pots.		395.00
TSG/	Cattlianthe Doris & Byron 'Christmas Rose' (C Love Castle x Cattlianthe Candy Tuft). With these quality parents, this should be a winner. Expect large, slightly ruffled lavender flowers. Very floriferous. 10cm pots.		395.00
TSG/	Guaritonnia Why Not This is a primary hybrid between Guarianthe aurantiaca and Broughtonia sanguinea. It produces a cute tiny red-coloured bunch of flowers with a massive fragrance. Easy to grow. Blooming size in 10cm & 12cm pots.		R450.00
O/o	Laelia Autoceps This is a primary hybrid of L anceps x L autumnalis made by Sanders in 1925. It blooms in late winter until summer with up to 10 fragrant blossoms. It likes a hot, humid environment. Thrives in bright light outdoors. 1 Mounted plant.		495.00

O/o	Lc Bowri-albida This primary hybrid cross <i>Laelia albida</i> x <i>C boweringiana</i> was bought originally from CAL Orchids in California. 1 lovely blooming size divisions available. 15cm pots.		650.00
TSG/	Rlc. Chief Queen 'Lightning' This is a tall orchid that has huge 5" blooms that are a stunning apricot with pink tipped petals. 10-12cm pots.		395.00
O/o	Rlc. Chomthong Delight 'Smile Lip' Expect large bright yellow blooms with red markings on lips from this mericlone. Two very good parents both with full, round flowers. Near blooming size in 12.5cm pots.		395.00
O/o	Rlc. Haw Yuan Gold (Rlc Hazel Boyd x Golden Slippers) Rich concolour, golden yellow flowers with good form. 14 cm pots. Near blooming size.		525.00
O/o	Rlc. Hey Song (Rlc Shinfong Lisa x Rlc Maitland) Bred by Ching Ruey Orchid this stunning red hybrid has everything it takes for a show Cattleya. Just 3 plants available in 12.5cm pots, near blooming size.		525.00
TSG/	Rlc. Hsingying Orange Nugget 'Orange Queen' (Rlc Fuch's Orange Nugget x Shinfong Little Sun). I do love the orange clusters – normally out for the spring shows. 10cm pots.		395.00

O/o	Rlc. Kruger Safari (C loddigesii x Rlc Taichung Beauty) Expect multiple blooms per stem for the spring shows. Large blooming size plants in 15cm pots.		695.00
	Rlc. Liu's Joyance This amazing modern hybrid is capable of producing 2-4 flowers per inflorescence, the flowers over 4" in size. Brilliant yellow flowers with very dark lips. Near blooming size in 12.5cm pots.		395.00
O/o	Rlc. Mem. Buranapan Nikom (Rlc. Haadyai Delight x C Tainan City). This is a large flowered, salmon orange standard cattleya – a real Queen! Near blooming size in 14cm pots.		450.00
TSG/	Rlc. Miki Fire Ball (Rlc. Kat E-Sun x Ctt. Little Fairy) This Cattleya will have fragrant, orange flowers. Flower diameter 5.3cm. In 10cm pots.		395.00
O/o	Rlc Red Crab 'Kuran Miao' Stunning red with yellow deep in the throat. Vigorous grower too! 12-15cm pots.		525.00

O/o	Rlc. Saen U. S A (Rlc Yen Twentyfour Carat x Rlc. Chomthong Fancy) This should be a stunner! Large blooms a combination of colours with a well marked frilly lip. 12.5cm pots, near blooming size.		395.00
O/o	Rlc. Shinaphat Diamond 'Gold Wing' This mericlone will grow and flower like the picture shown. Well established in 12cm pots. Near blooming size.		525.00
TSG/	Rlc. Tainan Gold 'Golden Canary' (Rlc Toshie Aoki x Rlc Waianae Princess). This is a nice meristem clone with golden yellow flowers and a contrasting red lip. Grow intermediate – warm with a medium light level. 12cm pots.		425.00
O/o	Rlc. Thaksina Red No. 2 This hybrid is borne from the union of Rlc Hey Song and C Tainan City. This is a large, bright fire engine red crossed on to the bright pink of the full shaped Tainan City. Expect some good shaped red to pinks from this pair. 12 cm pots.		525.00
TSG/	Rlc. Tsiku Amante (C Tsiku Rosaria x Rlc. Love Call) This orchid can flower at any time that the pseudobulb matures. Flowers are fragrant and flower size is 5-6 cm. 10cm pots.		375.00

TSG/	Rhycovola Jimminey Cricket (Brassavola nodosa x Rhyncolaelia digbyana) This nodosa hybrid produces very robust plants that can tolerate high light and drying out of the roots. Allow to dry out in winter months and give ample water in spring and summer. Blooming season is spring and autumn. Wonderfully fragrant at night. 10cm pots.		425.00
CH/	Slc. Final Touch 'Mendenhall' This mericlone is a compact growing cattleya hybrid with pinky-peach flowers. Typically blooms in summer. Easy to grow and flowers. 1 Tray left, blooming size.		495.00

DIVISIONS OF MY CATTLEYA COLLECTION
ONLY ONE PLANT OF EACH
(Welcome to request a photograph of plant)

1.	<i>Cattleya amethystoglossa species</i> Large plant of this rather hard to obtain species. It is a bifoliate species which can grow quite tall. It is native to Brazil where it is found near sea level. Blooms show time, in bloom now in a 20cm pot.		950.00
2.	<i>Cattleya intermedia alba</i> This is a compact, fragrant, bifoliate orchid native to the coastal forests of Brazil, Argentina and Uruguay. It has pristine snow-white flowers and blooms from winter through spring. 5l Airport – large blooming size.		950.00
3.	Lc Sagarik Wax 'African Beauty' (C Summerland Girl x Cattlianthe Chocolate Drop) Very large plant in a 9L Airpot. Blooms every year without fail.		950.00

4.	Rlc Bouton Star 'Harp Song' AM/AOS Bought as a collector's plant from Carter and Holmes many years ago. Blooming size plant in a 3l Airpot. In bloom now.		850.00
6.	Rlc. Fort Watson 'Mendenhall' AM/AOS Stunning red from Carter and Holmes. Blooming size in a 3l Airpot		750.00
7.	Rlc. Island Cheyn 'Blumen Insel' Interesting creamy/yellow, large blooms. In a 5l Airpot. Blooming size.		650.00
8.	Lc Bryan Wheeler 'Grandson' My plant originally from Hausermann's Orchids in Chicago. An absolute stunner! For me, its early summer blooming. Blooming size in a 5L Airpot. Blooming now.		950.00

OTHER GENERA FROM VARIOUS NURSERIES

Code	Description		Price
O/o	Brassia Spider's Gold 'Prolific' (<i>Brassia Arania Verde</i> x <i>Br arcuigera</i>) Known as the 'spider' orchids because of their skinny and elongated petals. This one is very similar to <i>Brassia rex</i> . Near blooming size.		495.00

O/o	Burrageara Nelly Isler This is a popular, highly fragrant indoor orchid which has vibrant red-burgundy star-shaped flowers with a speckled lip. 2 available, blooming size in 12.5 cm pots.		450.00
O/o	Dendrobium Brisbane River Very vigorous, well grown plants of this easy to grow hybrid. Blooming size in 12.5cm Airpots. Flower colour can vary slightly as it is a hybrid.		495.00
O/o	Dendrobium China Lily (Dendrobium <i>formosum</i> x <i>D draconis</i>) Near blooming size seedlings of this interesting cross. D formosum is found in C Himalayta to Indo-China. D draconis is found in Assam to Indo-China. Expect a small to medium sized, warm to cold growing epiphyte.		495.00
O/o	Dendrobium King Zip This is a miniature orchid hybrid known for its vibrant, splashy flowers, which are often white with dark purple or crimson markings and a contrasting lip. It is an epiphyte that can be grown potted in a well-draining media or mounted on wood. It thrives in medium light, moderate temperatures and 60% humidity. Suited for terrariums. 10cm pots.		195.00
O/o	Dendrobium x delicatum This is a natural hybrid between <i>kingianum</i> and <i>speciosum</i> . It is extremely vigorous, beautifully fragrant, blooms for the spring shows and makes excellent specimen plants! 9cm – 18cm pots. And a couple in Airpots.		95.00 – 350.00

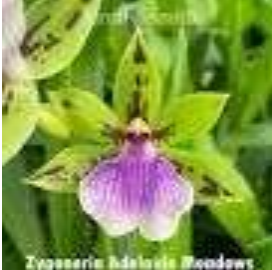

O/o	Den hercoglossum x parishii 9cm Disa pots of near blooming size plants. Photo of D hercoglossum. Easy to grow and bloom.		95.00
O/o	Dendrobium Enobi Purple 'Splash' Compact dendrobium with striking white and purple 'splash' petals. It is a popular free-flowering orchid that clumps together as it grows, with plants reaching about 8-12cm tall and having multiple canes. It likes warm, humid conditions. Flowering size in 8cm pots.		395.00
O/o	Dendrobium Hibiki This is a primary hybrid between Den bracteosum and Den laevifolium. Fabulous cerise pink flowers are produced any time during the summer. Mine plant hasn't stopped blooming for 6 months now! 9cm pots. Blooming size. A couple of larger plants available.		550.00
O/o	Den. Jiaho Candy This plant produces a multitudes of creamy white flowers with the accent of stunning orange lips on its black-haired canes. Long lasting flowers mostly produced in spring.		Out of stock
TSG/	Den. Rainbow Dancer (Den Kurenai x Den unicum) Flower size of this delightful pink hybrid is 3-4cm. This plant blooms for a long time with proper care. Grows and blooms easily. 10cm pots.		295.00
TSG/	Den. TLDC Fuchsia Tuesday This is an intermediate growing orchid that prefers bright light with no direct sun. Allow to dry out before watering again. This hybrid produces dark pink-coloured flowers with an amazing texture. It has a cute pink lip with a white-coloured anther cape. 10cm pots. Blooming size, some in Airpots. Photo taken in my nursery.		395.00

E/o	Epi. Miracle Valley ‘Fujiyama’ Near blooming size plants of this orange epi. The one I have bloomed is much closer to a dark yellow than orange. Was really pleased with it! 12cm pots.		295.00
O/o	Epi. Pacific Heat This colourful hybrid is in the Epidendrum genus. It was registered with the Royal Horticultural Society by Cal-Orchid in 2004. 12cm pots.		295.00
O/o	Epi. Radicans ‘Orange Delight’ Blooming size plant of this easy to grow and bloom Epidendrum. Colour and size superior to that of the normal radicans. 14cm pots.		295.00
O/o	Epi. Rose Valley x Pacific Sizzle Photo is Epi Rose Valley. Pacific Sizzle is a cross between Epi Pacific Girl and Epi Hokulea also created by Cal-orchid. It is easy to grow and produces many flowers and offshoots (keikis). 9cm pots.		295.00
O/o	Oncidium Aka Baby ‘Raspberry Chocolate’ Another oncidium with a light fragrance with chocolate overtones that can fill a house! Blooms with the maturation of each new growth. Showy red and white flowers in large sprays. Near blooming size.		425.00
O/o	Oncidium Jairak Fragrance ‘Bordeaux’ This orchid is known for its sweet fragrance and beautiful rich dark burgundy coloured flowers with white markings. It can flower in any season. 8-10cm pots. Blooming size.		450.00

E/o	Onc. Sharry Baby 'Red Fantasy' Coming from the next generation of fragrant Oncidiums bred from the original 'Chocolate Orchid' – Sharry Baby 'Sweet Fragrance'. This is a new clone which is a slightly darker red. Blooming size in 12.5cm pots. A few large plants in 15cm pots at R550.00		450.00
O/o	Oncidium Tariflor Lady 'Pretty Girl' This is a hybrid in the oncidium genus registered in 2016. It is 'beginner friendly'. The blooms are fragrant, colour is burgundy rose red pink. 8-10cm pots. Blooming size.		450.00
O/o	Oncidium Tsiku Marguerite (Onc Twinkle x Onc sotoanum) This new generation of Twinkle is a must in every collection. It is very forgiving of overwatering, it grows quickly, its compact but not tiny and its baby-powder scent matches its innocently pale but profuse blooms. 8cm pots. Blooming size.		350.00
O/o	Oncostele Midnight Miracles 'White Lip' (<i>Rhynchostele bictoniensis</i> x <i>Onc cariniferum</i>). Known for its unique colour – there are a few different variations. It is a medium sized, semi epiphytic orchid with flowers that have dark mahogany-red petals and a crimson/white lip with a white column. 8-10cm pots. Blooming size.		450.00
O/o	Odontocidium Everglades Elegance 'Nancy Lee' HCC/AOS This plants have large pseudo bulbs with lime green foliage producing spikes of upright flowers. It is a member of the Oncidium intergeneric and mostly flowers from late January to April. Flower spikes range between 700 – 950 in height. Large blooming size plants.		450.00
O/o	Oncostele Catatante Kilauea Karma This orchid hybrid is known for its bright orange and yellow flowers, produced on tall, upright flower spikes. It's a hybrid of Oncidium sphacelatum and Oncostele Wildcat. This orchid thrives in warm, humid environments with bright, indirect sunlight. Large blooming size plants in 15cm pots.		450.00

O/o	Oncostele Wildcat I love these plants! They grow beautifully in the Garden Route and are good bloomers. Flowering size plants available in 14cm pots.		450.00
O/o	Phalaenopsis Jungo Cherry Small growing phalaenopsis with delightful cherry coloured blooms. Has a 'clean linen' scent. Blooming size in 12cm pots.		525.00
O/o	Phal Liu's Berry (Phal Eduardo Quisumbing x Phal parishii) Delightful mini Phalaenopsis which can bloom profusely as a mature plant. Blooming size plants in 7cm plastic sleeves.		560.00
O/o	Phalaenopsis Mambo (<i>Phal amboinensis</i> x <i>mannii</i>) Intermediate sized plant, should make 15cm in height including the pot. 12cm pots available.		500 .00
O/o	Phalaenopsis Mini Mark 'Holm' This is a cross of P Micro Nova and the species <i>Phal philippinense</i> . Lovely mini Phal – blooms on young plants. 12cm pots available.		560.00

O/o	Phalaenopsis Sapphire Galah (Phal Purple Martin x <i>Phal violacea</i>) Very free blooming on short stems that last for ages. 12cm blooming size plants.		595.00
O/o	Phalaenopsis Sogo Relex Fabulous, deep, waxy red flowers with a good flower count for this type of novelty phalaenopsis. Blooming size plants.		560.00
O/o	Polystachya Cape Gold (Polystachya Rodney Ellis x <i>P paniculata</i>). Photo <i>P paniculata</i> . Mounted, blooming size plants available of this interesting cross.		450.00
O/o	Polystanchya Green Mamba (<i>P galeata</i> x <i>P bennettiana</i>) Registered orchid hybrid created by Duckitt nurseries. Blooming size, mounted plants available.		450.00
O/o	Psychopsis Mariposa This sequential bloomer is slightly different to the above 'Twins' variety but no less attractive. Blooming size plants with stems, flowering size. 8-10cm clear sleeve pots.		725.00
O/o	Sarcochilus Bunyip No 1 x Kulnara Firemist This lithophytic orchid is endemic to eastern Australia and grows well in South Africa. It forms large clumps with between 4 to 8 dark green, linear leaves and up to fifteen white flowers. Some dark pink s and reds in this cross. 14cm pots. Blooming size.		450.00

O/o	Sarcochilus Kirralee x Firemist This is one of the original species to be brought into the country. They make wonderful specimen plants when grown in a fairly flat tray. 14cm pots. Blooming size.		450.00
O/o	Vanda Pinky 'Violet Queen' AM/AOS (Vanda falcata x Rhyncostylis gigantea). This is the purple version of a very well-known and appreciated Neofinetia Hybrid. 9cm Disa pots.		550.00
O/o	Zygopetalum intermediate x Zygoneria Adelaide Meadows (Photo Adelaide Meadows) This hybrid is free flowering and often blooms twice a year. Flowers are long lasting. Grow in intermediate temperatures. Small plants in 8cm pots. Single growth.		295.00
O/o	Zygopetalum Artur Elle 'Tombstone' x Debbie de Mello 'Honolulu' (Photo Zygo Artur Elle) At last I have a selection of Zygopetalums for purchase. Not always easy to obtain. This one should be a strong grower with lovely, fragrant blooms. 8cm pots.		150.00

PHRAGMIPEDIUMS FROM ECUAGENERA

O/o	<i>Phrag longifolium</i> Found from Costa Rica to Ecuador on roadside banks as a medium to large sized, warm to cool growing terrestrial. It has an erect, 60 – 90cm long, several flowered inflorescence with 7 to 9 flowers opening in successions mostly in autumn but could be almost any time during the year. 15cm pots. Blooming size.		795.00
-----	---	--	--------

E8	Phrag. Professor Braem (<i>Phrag longifolium</i> x <i>schlimii</i>) Delicate pink colouring of these well held flowers. Blooming size plants in 12.5cm pots.		1,145.00
----	--	--	----------

CYMBIDIUM/CATTLEYA MIX

NEW PRICE!

PAPHIOPEDILUM MIX

AVAILABLE @ R80.00 FOR 1.5kg BAG

See page 39 for details.

PAPHIOPEDILUM SPECIES AND HYBRIDS

O/o	<i>Paph callosum</i> A medium sized, warm growing terrestrial orchid with mottled green leaves. Found in Thailand, Cambodia etc in primary, evergreen lowlands in soils rich in silicates. Limited stock. Near blooming size.		500.00
-----	---	--	--------

O/o	<i>Paph christensonianum</i> Found in Cambodia, Laos and Vietnam. This species has a beautiful flower with a classic Paph shape and texture. Narrow long leaves are shiny green. Spikes carry a single, tall waxy bloom with a glossy dark orange/brown pouch. Limited. Near blooming size.		650.00
O/o	<i>Paph fairrieianum</i> A miniature sized, cool to cold growing terrestrial found on limestone outcrops in tall grass with narrow, clear dull green leaves. Use a well drained mix and water well in hot summer months. Limited stock. Blooming size.		Temp out of stock
O/o	Paph Gege Hughes 'Harvest Moon' x Golden Emperor 'Cyclops' Two divisions of my own plant available in 12.5cm pots. Main growth and new growth.		350.00
O/o	<i>Paph gratixianum var daoense</i> Found in China, Laos and Vietnam, it grows in primary wet, evergreen highland cloud forests. It is a medium sized, spring blooming species. Limited. Near blooming size.		500.00
O/o	Paph Hung Sheng Jewel x Hsingying Mishima This and the following 3 Paphs are all blooming size and in bloom now. Many just opening. Lovely mottled foliage to enjoy while plants are not in bloom. All quality plants and flowers.		525.00
O/o	Paph Yung Jia Mishima x Hung Sheng Jewel		550.00
O/o	Paph Yung Jia Century x Hsingying MacBeth		550.00
O/o	Paph Ying Jia Century x Hung Sheng Jewel (Flowers just opening).		525.00

O/o	Paph Lemonade Interesting cross made by Hausermann in 1995. It is P spicerianum x P primulinum. Both parents are easy to grow and flower. Blooming size plant available.		695.00
O/o	Paph Pinocchio Blooming size plants of this very popular sequential blooming paph. some in bloom of this vigorous growing paphiopedilum. Large plants in 14cm pots.		750.00
O/o	Paph spicerianum A beautiful and unique species native to the Assam region of India. It boasts striking green and brown flowers 5-7cm across. It likes a moderately humid environment.		550.00
O/o	Paph tonsum A small to medium sized, cool growing Paph with deep green mottled with gray/green leaves with purple undersides. Limited. Near blooming size.		650.00
O/o	Paph venustum This is the 'type' form of the species which has various shades of red and brown. This is a medium sized, cool growing, shade loving terrestrial with narrowly elliptic, mottled blueish and lighter green, purple beneath leaves that blooms in the late winter.		745.00
O/o	Paph venustum album This album form of the species is unable to produce anthocyanin which gives the flowers a red colour. This orchid needs humid, well watered conditions year round. From India, eastern Himalayas and China.		795.00
O/o	Paph wardii A small sized, cool growing terrestrial with dark blue green mottled leaves. Easy to grow species. Limited. Near blooming size.		650.00

O/o	Paph Woluwense <i>(P niveum x P rothschildianum)</i> . New stock of this exquisite primary hybrid. This was originally registered by the Royal Horticultural Society in 1910. New hybrids are easier to grow and flower.		895.00

Just for interest, below are a few Paphs that are blooming now in the Nursery – end June – Sept. See new list available from September last year 2024.

		
Paph Amanda's Memory x P bellatulum Stock arriving September 2024	Paph Enzan Grow x P In Charm Circle	Paph Cocoa Lovely Big x P Cocoa Green 'Full Moon'
		
Paph Pinocchio – flowering size plants available	Paph In Charm Circle x P Yi-Ying Fire Works	Paph Enzan Williams
		
Paph Cocoa Gem	Paph Cocoa Elizabeth	P Cocoa Dimension
		
P Cocoa Gem	P Cocoa Green x Cocoa Olympian Yearning	P Enzan Sholt x Yi Ying Fireworks

ACCESSORIES, FERTILISERS AND POTTING MIX

	Price.
GARDEN CARE FERTILISER 'NUTRIFEED' – a balanced general plant food suitable for orchids. 500gm re-sealable pack. I use this as a foliar spray for all young plants. I use half strength for most orchids.	R160.00
GROWING ORCHIDS FERTILISER – A high nitrogen fertiliser made for orchids. 500gm re-sealable pack. Use from spring through to January for maximum growth on cymbidiums especially.	R160.00
FLOWERING ORCHIDS FERTILISER – This is a low nitrogen, water soluble formulation for supplementing the nutrient requirements of all flowering orchids in a variety of growing media. 500gm re-sealable packets. 6:20:30.	R160.00
POT LABELS (WHITE) Pot labels 125mm x 13mm per 25 labels	R20.00
POT LABELS (WHITE) Pot labels 150mm x 13mm per 25 labels	R25.00
SEEDLING MIX (approx. 1.5 kg) This is my special bark recipe which I use for all plants in a 12.5cm pot and smaller. It has excellent drainage and is also great for repotting Phalaenopsis. Highly recommended for Paphiopedilums and Phals.	R80.00
CYMBIDIUM/CATTLEYA MIX (approx. 4 kg) Coarser bark mix for use in all orchids growing in pot size 15cm and larger. It is well drained and contains all the necessary ingredients for plant growth. (EX. NURSERY ONLY – extra for courier)	R120.00
CYMBIDIUM BARK MIX (with a little charcoal) 15 dm bags.	R80.00
PALM PEAT BLOCKS	R35.00
NUTRISOL 500 ml bottles	R115.00
TRELMIX 200ml bottles	R200.00
BONEMEAL (KOMPEL) 2KG bags	R100.00
GREEN POTS 9cm Disa round – height 10cm	10.00
GREEN POT 9cm green round – height 8 cm	10.00
GREEN POT 12.5cm round – height 11.5cm	10.00
GREEN squat pot 12.5cm – height 9cm	12.00
GREEN POT 15cm nursery pot	15.00
GREEN POT 17.5 cm growing	20.00
GREEN POT 20cm round	25.00
GREEN POT 25cm round	40.00
Rose Protector 100ml	165.00
KOMBAT Malathion 100 ml	110.00
Ludwig's Copper Count 200ml	125.00
HANDMADE CLAY POTS WITH HOLES	195.00

CONDITIONS

1. All prices are nett.
2. Mail orders are my speciality, I normally pack on a Monday or Tuesday. Please wait for quote before paying, I will send Pro Forma Invoice with estimate of Courier Guy charges. Please also add a packing charge of R60.00 per order.
3. **Note!** I use Courier Guy Couriers for Door to Door, minimum cost is R250 or wait for quote. Large cymbidiums or other large plants may attract a higher courier fee than 15%.
4. All plants are all sent in their containers with the potting mix sealed into the pot. Large plants can be sent bareroot if requested in order to save money.
5. The nursery is open Wednesdays from 10am – 1pm. All other times by appointment. We are still open if Wednesday falls on a Public Holiday. Please note that we do have Yoko visa card facilities at the nursery.
6. Payment should preferable be made by direct deposit to Outeniqua Orchids. Our account is with Nedbank, Stellenbosch branch code 107-110 (or universal), Account number 1071-257-633. Email copies of deposit slip to stellrsa@mweb.co.za Please do not deposit cash – if you must do, please add R30.00 to cover bank costs.
7. Please note that this list cancels all other lists.
8. DIRECTIONS TO THE NURSERY FROM N2:-
ADDRESS: 34 Napier Street, Blanco. George, Western Province
From Cape Town:
After Great Brak continue towards George. Take turnoff GEORGE AIRPORT/HEROLDS BAY. At bottom of off-ramp, turn left to the airport. You will pass entrance to airport on your left. At stop sign, continue straight over the old N2 – direction OUDTSHOORN. From this stop, continue a further 5km – at the end of this distance, you will have Fancourt Golf Estate main entrance on your right hand side – continue another 450m – turn right into Napier Street – continue nearly to the bottom, no. 34 is on the left hand side. The Yellow House is signposted...
From Knysna:
Continue on N2 past George – Take turnoff left GEORGE AIRPORT/HEROLDS BAY – at bottom of off-ramp turn right to the airport. You will pass.....(see above).
9. To place an order please download and print the order form directly from the website. Complete your order manually and email to stellrsa@mweb.co.za I will contact you with availability of plants prior to asking you for payment of the order. Pro-forma invoice provided.

AIR POT 1.3 L	DIAMETER ACROSS THE TOP 14 cm	R40.00
AIR POT 2.0 L	DIAMETER ACROSS THE TOP 16 cm	R45.00
AIR POT 3.0 L	DIAMETER ACROSS THE TOP 18 cm	R55.00
AIR POT 5.0 L	DIAMETER ACROSS THE TOP 22 cm	R65.00
AIR POT 9.5 L	DIAMETER ACROSS THE TOP 28 cm	R100.00

Suitable for all Cattleyas and most Dendrobiums. Mostly for genera that like lots of air around their roots. So far I have mini and full sized Cattleyas, Dendrobium nobile, tortile and others, Dendrobium usitae and similar, Dendrobium phalaenopsis types, Eria hyacinthoides is doing well. Laelia purpuratas in particular grow well in them. It's fun to try something different! Comments so far, are what am I going to do when I repot? Well, I will cross that bridge when I have to! At present the roots are so good I am delighted!

DENDROBIUM SPECIOSUM
var. 'Woodcroft'

This photo is just to show you what can be done with a *Dendrobium speciosum*.

This plant was imported from Australia 35 years ago and photographed in my shaded area at The Ark in September 2014 with Robert looking on. Second photo taken in 2024 before after spring show – not open enough for the show!

It received an Award of Cultural Merit at the Orchid Soc. of the Southern Cape Spring Show.

Babies are growing! Available next spring...

In the meantime Den speciosum var Compacta is available.
